

MARK HOEHNE PARK

Park J

| | |
|---------------------|--|
| LOCATION | SE CORNER OF ROBINS ST & FINCH DR |
| ACREAGE | 5 ACRES |
| PARK TYPES | CLASS II – NEIGHBORHOOD PARK |
| SERVICE AREA | ¼ - ½ MILE |

DESCRIPTION

The park has playground equipment, small play space and picnic shelter. Design plans call for further development including tennis courts, basketball court, walking/bike path and open larger play area. There are drainage ditches which act as barrier to access for surrounding neighborhoods. A bridge across the ditch would open access to new residential development to the east.

MANAGEMENT ISSUES AND RECOMMENDATIONS:

- Install trail on dike
- Bridge across dike for access
- Water tap
- Sport field development

PLAYGROUND

- **1998 INSTALLED**
- **2024 REPLACEMENT SCHEDULED**
